

Swimlane Turbine Enterprise Action-Based Pricing Model

Maximize your SecOps ROI with a comprehensive agentic AI automation platform built to scale alongside your needs.

Gain access to the Swimlane Turbine agentic AI automation platform without hidden costs for features or capabilities. Our pricing follows a tiered model based on the daily average number of actions automated. We are all about action, not consumption, so you'll only pay for the work that Turbine does on your behalf. User-based pricing options are also available. Contact your Swimlane representative for more information about this option.

All Tiers Include

- ✓ Swimlane AI SOC
- ✓ Case Management
- ✓ Dashboards & Reporting
- ✓ Unlimited Active Playbooks
- ✓ Unlimited Remote Agents
- ✓ Infinite Integrations & Marketplace
- ✓ Full Security & Compliance Controls
- ✓ Unlimited Tenants

TAM				5 hours/week	5 hours/week
Swimlane Implementation	2-week setup	4-week setup	4-week setup	4-week setup	4-week setup
Premium Support	Not available	Available	Available	Available	Available

What is an action?

To put it simply, an action is anything that we automate on your behalf, visually represented by a rectangle (also known as a component) on a fully expanded playbook. Some common examples of actions include:

- Connector actions
- Data transformations
- Calling another component
- Calling another tool
- Hero AI action

Triggers do not count as an action.

24/7 Security Coverage

We value your security. If your average daily automated actions exceed your licensing plan, Turbine will continue to process playbooks without interruption. We will never stop an action from running.

Swimlane Hero AI Capabilities and Value

Hero AI credits are included for all Turbine customers. If a customer does not want Hero AI, it can be disabled for their entire account.

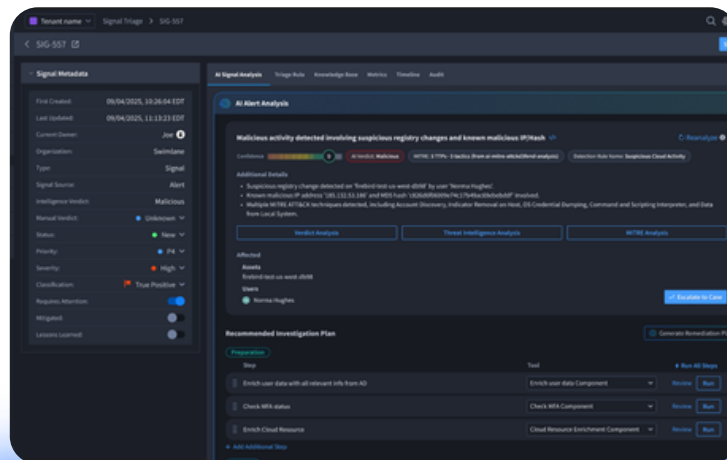

Customers who adopt Hero AI can improve their efficiency by 20% or more, surpassing the benefits of automation alone. Generalized return on investment estimates are outlined below. Get a personalized ROI estimate at swimlane.com/roi-calculator.

Value of AI by Tier	Productivity Gains	Return on Investment
Starter	+1 SOC Analyst	\$104,167
Core	+2 SOC Analyst	\$208,333
Plus	+4 SOC Analyst	\$416,667
Premium	+5 SOC Analyst	\$520,833
Elite	+7 SOC Analyst	\$729,444

Get Started with Swimlane Turbine

All it takes is one day to get up and running with Swimlane Turbine, with full implementation of the Swimlane AI SOC completed in 4 weeks or less.
